Explore the ideal way to build green & cool buildings
ACICO Industries has been in the business of manufacturing Autoclaved Aerated Concrete (AAC) since 1990. As industry leaders, ACICO Industries has 7 AAC plants across the GCC region located in Kuwait, KSA, Qatar and the UAE. These plants manufacture reinforced and non-reinforced building elements which include blocks, lintels, slabs & wall panels.

- **ACICO Blocks**
- **ACICO Reinforced Elements**

With an inspiring list of benefits, such as:

- High Thermal Insulation
- Ample Fire & Sound Resistant
- Cost & Energy Efficient
- Light weight / Versatile / Durable
- Environmentally Eco-Friendly

**Product Features**
- Designed and manufactured in compliance with DIN 4165, 1043 & 4223, BSEN 771-4, Series BSEN772 and DMSaPart3 (Dubai Municipality Standard).
- Manufactured under strict quality assurance plan of Dubai Municipality.
ACICO Construction was founded in 2004, as the international arm of ACICO Construction (Kuwait) - also known as Ghassan Ahmed Al-Khalid WLL which has been in the business of construction since 1975.

Licensed with an unlimited height construction limit, ACICO Construction provides turnkey solutions - complete design, material manufacture, construction and implementation - for large-scale projects in the region. With a manpower of over 2,500, ACICO Construction, the only AAC load bearing builder in the Gulf, has successfully delivered projects worth over AED 2 billion. These projects include residential, commercial, medical and mixed-use, low-, medium- and high-rise buildings.

ACICO Structural Building System
A bearing wall structural system designed & built with reinforced & non-reinforced AAC blocks and elements.

Benefits for Developers & Contractors
- Unmatched Simplicity and Flexibility
- Traditional & Contemporary Designs
- Fast Construction, Durable Quality and Cost Effective
- Saves time, money and is hassle-free
- Quick Capital Turnover

Benefits for the End User
- Safe & Durable
- Cool & Green Buildings
- Saves Cost & Energy
- Healthy & Comfortable Indoor Environment

Benefits for the Nation
- Green Building Concept
- Conserves Resources
- Environmentally Eco-Friendly

134 ACICO Townhouses, The Gardens, Jebel Ali, Dubai
Client: Nakheel    Built using ACICO Building System

Hotel JAL Fujairah Resort & Spa
Five-star resort on the Arabian Sea coast of Fujairah
Client: ACICO    Built using ACICO Building System
Complete and ongoing projects in the UAE include:
