COMPANY PROFILE

M/s FAISAL JASSIM TRADING CO. L.L.C. was established in 1988, as a partnership between a number of qualified engineers, specialized in the Electrical & Mechanical fields related to the building services industry. In just over a decade, Faisal Jassim has forged for itself a venerable reputation of expertise and excellence in its fields. It is a veritable achievement considering the fiercely competitive market that diversifies almost as swiftly as it develops. Our strength lies in the commitment and dedication of Faisal Jassim's staff and the vision to foresee and adapt to changing industry trends & demands. This attitude is appreciated by our patrons and partners alike, and is reflected in a glowing track record and countless satisfied customers. Our activities are spread between the following divisions:

1. *ITT Industries Pumping Equipment*
2. *Air Conditioning Equipment*
3. *HVAC Ducting and Insulation*
4. ***Boiler, Solar and Plumbing Equipment***
5. *York Air Conditioners*
6. *Air Distribution Products - Flowtech*
7. *Electrical Control Panels and Switchgear.*

Each of the above division is associated with a number of leading manufacturers. These are world-renown for the reliability of their products, backed by audited quality procedures.

Our sales engineers have received adequate training on the different products we represent. Our Line of Products is attached, herewith. We strive to evaluate the client's specification and provide adequate response to meet their requirement.

Faisal Jassim understands the importance of having excellent service back up and workshop facility. We have ensured that our technicians are experienced and well-equipped with tools and machinery to execute quality work. We keep adequate spares, enabling us to attend to after-sales service to guarantee the quality of our supplied equipment.

Faisal Jassim's total staff is around 600 people on their permanent employment. We sometimes sub-contract labour force under our supervision, to offer our client a total turnkey solutions, depending on the need of the projects. We have also developed a project division, to undertake particular electromechanical construction needs for our clients.

Our head office is located in Dubai Investment Park with a total occupied surface of 12000m². Housing our workshops and stores with additional complementing facilities in Jebel Ali Industrial Area with total area of 5500 m². FJ also have branch offices in Dubai, Abu Dhabi, Qatar and Bahrain to serve these emirates.
